**DCBULL by ARTHUR L. EKREM**

**IT'S MONDAY  
OR "THE DAY OF WINE AND ROSES"**

*In my last entry, Teddy Kennedy was featured front and center one last time here in the friendly confines of DCBULL. But now Senator Kennedy is gone - but never forgotten, at least until another Kennedy makes the news (which should be in the next several hours). The President has left his first summer vacation with his family, and is now back in the throws of further lowering his poll numbers - who in the hell would want that job? Also deserving of honorable mention - 60% of all adult Americans cannot digest milk - this would explain why most public rest rooms smell like something recently died. And finally, evangelist Pat Robertson is recovering from heart surgery - which shocked the H-E-Double hockey sticks out of this writer, as I had always assumed that like the "Tin Man in the Wizard Of Oz", that he had no heart. And now, we move onto the CIA - so read on if you dare.*

**TODAY IN THE NEWS - MY TAKE**

**THE CIA - WERE THEY RIGHT OR WRONG? (PART ONE)**

*When did we as Americans become so shocked that our intelligence community was engaged in out sourcing covert operations. The very reason, we enjoy a relatively peaceful way of life in this great country is due to the excellent and time tested work our our covert CIA and Black Op programs. Holy Jihad - I mean let's not become goody-goody two shoes just because a jet has not flown into a building for a few years. We have very short memories in America, and we forget what fear and sadness we felt in the throws of 9/11 or even as far back as the American hostages being taken in Iran in the 1979.*

**ARGUMENT** - *The AP reports that "as the Justice Department considers whether to investigate alleged harsh interrogation practices sanctioned by the Bush administration, sources say a soon-to-be-released report by the CIA's inspector general reveals that agency interrogators conducted mock executions of*

## About Me

Washington, DC

For many years now, I have been a privileged behind the scenes

Washington DC insider. I am paid to lurk in the crevices of our Nations Capital in order to make sense of it all. My activities in politics and private concerns have included board seats, equity, stock ownership, campaign management, political strategy, policy adviser, and chief trouble solver. With a quarter of a century worth of exploits in DC under my belt, and at the urging, prodding and insistence of those in high and not so high offices, I have decided to write this daily blog....Good Lord.

terror suspects".

President Barack Obama and Attorney General Eric Holder now seek to hang the CIA and all affiliated parties by their collective gonads after the fact. The new kids in DC seem to think that our spies and black operations teams should have avoided use of guns and water-boarding techniques to stay off a possible follow up attack by Bin Laden and his band of merry men.

**MY TAKE** - OK, lets say for a moment that the CIA conducted no water-boarding on suspected terrorists, nor threatened them with bodily harm - what is it that the Obama camp suggests that might have been a better tact than the one taken? If it never occurs to you that the long stretches of safety and peace we enjoy in our country are the direct result of preemptive efforts by our behind the scenes spies, then you are living in a naive Norman Rockwell painting. And for better or worse - right or wrong - our intelligence community engaged in uncharted waters when they hit the ground running in the days, weeks, and months after 9/11. The key element which seems to be missed by most though, is that **they did** in fact hit the ground running - and we have not been attacked since!!! This is not a f\_ \_ king coincidence, nor is it a fluke. It is a **direct** result of our private operations scaring the crap out of the bad guys, and closing the gauntlets that may have been used by future evil doers.

No matter what we think, how we feel inside, or what our spiritual beliefs are, we live in an evil and angry world. There are those who seek to do nothing more than destroy what they see - all in the name of Allah. In America, we really get lost in the simplicity of our existence - we basically want a simple life of "I want it now" and "I want it my way" - so it falls to the special agencies to protect and preserve that which we take for granted each day.

**MY MAIN OBSERVATION  
IN AN OLD TIBETAN PROVERB - THE DALAI LAMA GETS  
SCREWED AGAIN**

After running his holiness the Dalai Lama out of his historical homeland half a century ago, the Chinese government will now prostitute his former palace as a place of great historical significance - all this to earn a buck on of us westerners who want a sliver of God and are willing to spend a fortune to get it

- once again, we Americans want it now.

BEIJING (AP) - "China has completed a seven-year renovation of Tibet's Potala Palace - home to the Dalai Lamas until the region's current spiritual leader fled during an aborted uprising against Communist rule 50 years ago. China says the project is part of its plan to promote Tibetan culture in the region as it develops its economy, of which tourism forms a major part. The renovation, which also repaired the Norbu Lingka, a summer palace for the Dalai Lamas, cost 300 million yuan (\$43.9 million), according to a report Monday from the state-run news agency.

### **WHAT IS DCBULL?**

*An honest source for what REALLY goes on in Washington DC and the political strategies used by inside advisors and PR experts. Nothing happens in DC by accident - as Shakespeare wrote, "all the world is a stage, its men and women merely players" - no where is this more true than in Washington DC.*

*Every news outlet claims to be the divine spearhead for honesty in politics and fair reporting. Can you really believe yet another source for DC news? Well buckle up all of you who claim unbiased reporting from inside the DC beltway. Here I am - and the BULL starts here.*

### **WHO AM I?**

*Arthur L. Ekrem (ie: me) is a legitimate non-partisan insider who knows DC inside and out, where I have played at the National level for decades.*

*I feel the two party system is seriously flawed and dying fast. The only hope our great nation has for revival is through a new party order that will not play under the current DC system of so-called democracy. A fresh*

*candidate will be perhaps a leader of industry who will scare the crap of the DC insiders, and stimulate hope and fresh thinking in the minds and spirits of a new generation of i-Phone voters.*

*Our founder and editor (ie: me) has early ties in DC from the Reagan White House to the Clinton administration and beyond. It should be noted that I also adore and often quote George Carlin, Thomas Jefferson, Howard Stern, and my favorite political comedian; George W. Bush. Lets face it "W" as they called him, was the funniest man in DC since Hoover (no, not President Hoover - I speak of J. Edgar Hoover - America's first really prominent cross-dresser and all around funny DC insider).*

*Here at DCBULL I will feature a full array of DC characters and inside arguments in an honest light, and not as portrayed in the mainstream media. So watch yourself DC, because I am watching you.*
